AFIFI, A. M., ADNAN, M., TAHA, M., and AMASHA, M. E.: Xanthinol nicotinate in the management of leg ulcers associated with haemoglobinopathies	309
ALI-KHAN, G.: Treatment of anxiety-related insomnia with chlormezanone	259
ALBIZZATI, M. G., BASSI, S., BINDA, G., and PASSERINI, D.: Effects of vincamine on EEG sleep patterns in man: a pilot study	653
ANDERSSON, P. O., HACKL, H., JENSEN, P., and LARSEN, K. R.: A comparison of two different dosages of pivampicillin and doxycycline in patients with gynaecological infections	513
ANGELKORT, B., MAURIN, N., and BOATENG, K.: Influence of pentoxifylline on erythrocyte deformability in peripheral occlusive arterial disease	255
BACKHOUSE, C. I.: Intra-nasal flunisolide in the treatment of allergic rhinitis in general practice	14
BAKER, P. G., and GOULTON, J.: A multicentre study of twice daily acebutolol ('Sectral') in the treatment of hypertension in general practice	50
BALL, A. J., EVANS, P. J., and FOSTER, M. E.: Intra-incisional cephaloridine: a comparison of two methods of administration	204
BALOGH, Zsolt, PAPAOGLOU, Sotirios N., MACLEOD, Marion and BUCHANAN, Watson W.: A crossover clinical trial of piroxicam, indomethacin and ibuprofen in rheumatoid arthritis	148
BARRINGTON, R.: Single-blind study of diflunisal versus mefenamic acid in the treatment of pain after Colles' fracture	630
BEREND, N., RUTLAND, J., and MARLIN, G. E.: Plasma and saliva concentrations for a new formulation of erythromycin stearate	118
BIEHL, B.: Effects of azatadine maleate on subjective appraisal and psychomotor functions relevant to driving performance	62
BIGNAMINI, A. A., and CASULA, P. L.: Preliminary bioavailability study on protacine: a new, non-steroidal anti-inflammatory agent	299
BORNSTEIN, S.: Cross-over trial comparing the antidepressant effects of amineptine and maprotiline	107
BOTTER, P. A.: Single daily dose treatment of anxiety with clobazam: a double-blind study versus normal multiple-dose treatment with diazepam	593
BRIGGS, M. H., and BRIGGS, Maxine: Plasma lipoprotein changes during oral contraception	249
BRØRS, O., FAUCHALD, P., LIND, E., and JACOBSEN, S.: Pharmacokinetics and saluretic effect of muzolimine in severe cardiac failure	431
BRUSASCO, V., CRIMI, E., MANGINI, S., and VIBELLI, C.: A clinical trial of oral clenbuterol (NAB 365) in chronic airways obstruction	449
BULLEN, B. R., RAMSDEN, C. H., and KESTER, R. C.: Evaluation of tissue levels of cefamandole in severely ischaemic lower limbs using two regimens of dosage	244
—, —, —: Tissue levels of cephadrine in ischaemic limbs following a single intravenous injection	585
BULLOUGH, J.: Use of povidone-iodine alcoholic solution in the treatment of herpes genitalis: a preliminary study	175
CASTRO, M.: Xipamide ('Diurexan') in essential hypertension: a 24-month study	416
—, and REYES, A. J.: Mathematical model of the time-course of essential hypertension blood pressure changes during chronic xipamide treatment	523
CHEADLE, A. J., and FREEMAN, H. L.: Pimozide in the maintenance treatment of apathetic and emotionally withdrawn schizophrenics	35
COCKRAM, C. S., RICHARDS, Peter, and BAX, R. P.: The safety of cefuroxime and gentamicin in patients with reduced renal function	398
CONDIE, R.: Chlormezanone in the treatment of insomnia due to rheumatic stiffness	217
CROWDER, D., and CAMERON, E. G. M.: A multi-centre general practice trial of pindolol/clopamide combination ('Viskaldix') in essential hypertension	342
DAFTARY, S. N., MEHTA, A. C., and NANAVATI, M.: A controlled comparison of dipyrone and paracetamol in post-episiotomy pain	614
DE CREE, J., HÖRIG, Ch., and VERHAEGEN, H.: Oxatamide in the treatment of various allergic diseases	380
DE LOORE, F., HECK, E., VAN EYGEN, M., and CASNEUF, J.: Levamisole (R12564) in the prevention of recurrent upper respiratory tract infections in children: a double-blind, placebo-controlled study	142
DE WITTE, P., and BREMS, H. M.: Co-administration of benfluorex with anti-coagulant therapy	478
DEL BONO, N., QUARTIERI, F., and VIBELLI, C.: Aerosolized clenbuterol (NAB 365) and salbutamol in exercise-induced asthma	237

Acetabulol, in hypertension	51
Acetazolamide, severe acidosis in diabetes	284
Acne vulgaris, treatment with 'Actinac' formulations	377, 461
Adverse drug reactions, acetazolamide	284
→ propranolol	207
Airways obstruction, treatment with clenbuterol compared with terbutaline	449
→ fenoterol compared with rimiterol	183
Alginate/antacid combination, in gastric and bilious reflux	645
Allergic disorders, treatment with oxatomide	380
→ rhinitis, treatment with flunisolide	14
Alprenolol, in hypertension	358
Althiazide, combined with spironolactone, in hypertension	136
Amineptine, in depression, compared with amitriptyline	93
→ maprotiline	107
→ trimipramine	101
Amitriptyline, in depression, compared with amineptine	93
→ maprotiline	534
Amitriptyline/chlordiazepoxide combination, in depression	573
Amoxapine, in depression, compared with imipramine	338
Amoxycillin, in respiratory infections, compared with cefaclor	569
→ doxycycline	393
Ampicillin, in respiratory infections, compared with cefaclor	564
Anaesthesia, induction, etomidate compared with thiopentone sodium	30
Analgesics and anti-inflammatory agents, aspirin	540, 589, 597, 619
→ butorphanol	178
→ ciramadol	475
→ codeine	178
→ dextropropoxyphene/paracetamol combination	540
→ dezocine	472, 634
→ diacetylrhein	548
→ diflunisal	154, 510, 630
→ dipyron	614, 619, 624
→ fenbufen	263
→ feprazone	445
→ ibuprofen	148
→ indomethacin	148, 263, 287, 540
→ indoprofen	124, 597
→ ketoprofen	423
→ magnesium dithiosalicylate	589
→ mefenamic acid	540, 614
→ naproxen sodium	229
→ paracetamol	540, 614
→ pethidine	624
→ phenylbutazone	445, 540
→ piroxicam	148
→ protacine	287, 299
Antibiotics and antibacterial agents, ampicillin	564
→ amoxycillin	393, 569
→ cefaclor	564, 569
→ cefamandole	244
→ cefuroxime	209, 398, 404, 466, 649
→ cephaloridine	204
→ cephalosin	44, 658
→ cephradine	386, 585
→ co-trimoxazole	386
→ doxycycline	393, 513
→ erythromycin	111, 118
→ gentamicin	398, 663
→ mecillinam	221
→ nitrofurantoin/sulphadiazine combination	481
→ pivampicillin	513
→ sisomicin	663
Anticoagulants, use with benfluorex, in cardiac conditions	478
Antidepressive agents, amineptine	93, 101, 107
→ amitriptyline	93, 534
→ amitriptyline/chlordiazepoxide combination	573

	Page
Antidepressive agents, amoxapine	338
-, imipramine	338
-, maprotiline	107, 534
-, mianserin	456
-, trimipramine	101
Antifungal agents, candididin/5-fluorocytosine combination	88
-, clotrimazole	88
-, 50	50
Antihypertensive agents, acebutolol	358
-, alprenolol	358
-, clonidine	168, 638, 670
-, guanabenz	638
-, labetalol	407, 677, 685
-, metoprolol/hydrochlorothiazide combination	371
-, oxprenolol/cyclopenthiiazide combination	559
-, penbutolol	267
-, pindolol/clopamide combination	193, 342, 552
-, primidolol	528
-, propranolol	207
-, spironolactone/althiazide combination	136
-, xipamide	416, 523
Arthritis, rheumatoid, role of kinin system	314
-, treatment with aspirin	589, 598
-, fenbufen	263
-, ibuprofen	148
-, indomethacin	148, 263, 287
-, indoprofen	598
-, ketoprofen	423
-, magnesium dithiosalicylate	589
-, piroxicam	148
-, protacine	287
Aspirin, in low back pain, compared with other analgesics	540
-, in rheumatoid arthritis, compared with indoprofen	598
-, magnesium dithiosalicylate	589
Asthma, treatment with clenbuterol compared with salbutamol	237
-, reproterol	365
Azatidine maleate, effect on driving performance	62
Benfluorex, use with anticoagulants in cardiac conditions	478
Benserazide, combined with levodopa, in parkinsonism	1
Betamethasone valerate, in dermatitis, compared with clobetasone butyrate	322
Biochemical research	489
Blood flow, effect of pentoxifylline	73, 255, 518
-, viscosity, effect of sulphinpyrazone	271
Brain failure, chronic, use of piracetam	351
Bronchitis, treatment with erythromycin	111
Bronchodilating agents, clenbuterol	237, 449
-, fenoterol	183
-, reproterol	365
-, rimiterol	183
-, salbutamol	237
-, terbutaline	449
Butorphanol, in post-operative pain, compared with codeine	178
Candididin, combined with 5-fluorocytosine, in vulvovaginal candidiasis, compared with clotrimazole	88
Cefaclor, in respiratory infection, compared with ampicillin	564
-, amoxycillin	569
Cefamandole, tissue levels in ischaemic lower limbs	244
Cefuroxime, in lower respiratory infection	466
-, in post-operative chest infection	209
-, levels in bronchial secretions	649
-, prevention of wound infection	404
-, and gentamicin, in patients with reduced renal function	398
Cephaloridine, in surgical wound infection prevention	204
Cephalosporins, cefaclor	564, 569
-, cefamandole	244

	Page
Cephalosporins, cefuroxime	209, 398, 404, 466, 649
→ cephalexin	204
→ cephalazolin	44, 658
→ cephradine	386, 585
Cephazolin, tissue levels in ischaemic limbs	44
→ prophylactic use in urinary tract infections	658
Cephradine, tissue levels in ischaemic limbs	585
→ in urinary tract infections	386
Cerebrovascular disorders, treatment with pentoxifylline	73, 255, 518
Chlordiazepoxide/amitriptyline combination, in depression	573
Cholesterol, effect of hydrochlorothiazide on levels in hypertensives	24
→ oral contraceptives	249
Chlormethiazole, in chronic alcoholism, effect on gonadotrophins and testosterone	213
Chlormezanone, in anxiety-related insomnia	259
→ in rheumatic sleep disorders	217
Ciramideol, in chronic pain	475
Clenbuterol, in airways obstruction, compared with terbutaline	449
→ in asthma, compared with salbutamol	237
Clobazam, in anxiety, compared with diazepam	593
Clobetasone butyrate, in dermatitis, compared with betamethasone valerate	322
→ in eczema, compared with hydrocortisone butyrate	165
Clonidine, in hypertension	168, 670
→ compared with guanabenz	638
Cloamide/pindolol combination, in hypertension	193, 342
→ effects on exercise performance	552
Clotrimazole, in vulvovaginal candidiasis, compared with candididin/5-fluorocytosine combination	88
Codeine, in post-operative pain, compared with butorphanol	178
Colic, acute renal, analgesic effect of dezocine	472
Contraceptives, oral, plasma lipoprotein changes	249
Co-trimoxazole, compared with cephradine in urinary tract infections	386
Cyclopentiazide/oxprenolol combination, in hypertension	559
Depression, treatment with amineptine	93, 101, 107
→ amitriptyline	93, 534
→ amitriptyline/chlordiazepoxide combination	573
→ amoxapine compared with imipramine	338
→ maprotiline	107, 534
→ trimipramine	101
Dermatitis, treatment with betamethasone valerate versus clobetasone butyrate	322
→ allergic, treatment with oxatamide	380
Dermatological agents, 'Actinac' and formulations	377, 461
→ betamethasone valerate	322
→ clobetasone butyrate	165, 322
→ desoxymethasone	502
→ hydrocortisone butyrate	165, 502
Desoxymethasone, in varicose eczema, compared with hydrocortisone 17-butyrate	502
Dextropropoxyphene/paracetamol combination, in low back pain, compared with other analgesics	540
Dezocine, analgesic effect in renal colic	472
→ in cancer pain	634
Diabetes mellitus, treatment with glipizide	8
→ glipizide and insulin	325
→ metformin	201
→ phenformin	201
Diacytylrhein, in osteoarthritis	548
Diazepam, in anxiety, compared with clobazam	593
Diflunisal, effect on platelet aggregation	510
→ in pain after Colles' fracture, compared with mefenamic acid	630
→ used post-operatively	154
Dipyrrone, in post-episiotomy pain, compared with paracetamol	614
→ in post-operative pain, compared with pethidine	624
→ aspirin	619
Disopyramide, use in pregnancy	70
Diuretics, althiazide, combined with spironolactone	136
→ cloamide, combined with pindolol	193, 342, 552

	Page
Diuretics, cyclopenthiiazide combined with oxprenolol	559
--, hydrochlorothiazide	24
--, hydrochlorothiazide combined with metoprolol	371
--, muzolimine	431
--, xipamide	416, 523
Domperidone, in irritable bowel syndrome	577
Doxycycline, in genital infections, compared with pivampicillin	513
--, in respiratory infections, compared with amoxycillin	393
Drug research, role of biochemistry	488
Eczema, treatment with clobetasone butyrate	165
--, hydrocortisone butyrate	165, 502
--, desoxymethasone	502
Erythrocyte flexibility, effects of pentoxifylline	255, 518
Erythromycin stearate, in bronchitis	111
--, plasma and saliva concentrations	118
Etomidate, in minor operative procedures, compared with thiopentone sodium	30
Fenbufen, in rheumatoid arthritis, compared with indomethacin	263
Fenoterol, in reversible airways obstruction, compared with rimiterol	183
Feprazone, in acute gout, compared with phenylbutazone	445
Flunisolide, in allergic rhinitis	14
5-Fluorocytosine, combined with candidin, in vulvovaginal candidiasis, compared with clotrimazole	88
Genital diseases, female, treatment with pivampicillin compared with doxycycline	513
Gentamicin/cefuroxime combination, safety in reduced renal function	398
Gentamicin, compared with sisomicin in serious systemic infections	663
Glipizide, in diabetes mellitus	8
--, associated with insulin	325
Gout, treatment with feprazone compared with phenylbutazone	445
Guanabenz, in hypertension, compared with clonidine	638
Hay fever, treatment with flunisolide	8
--, oxatamide	380
Herpes genitalis, treatment with povidone-iodine	175
Hiatus hernia, treatment of reflux with an alginate/antacid combination	645
--, hydrotalcite	85
Hydrochlorothiazide, in hypertension, effects on plasma triglyceride, cholesterol and HDL-cholesterol	24
--, combined with metoprolol	371
Hydrocortisone butyrate, in eczema, compared with clobetasone butyrate	165
--, in varicose eczema, compared with desoxymethasone	502
Hydrotalcite, in hiatus hernia and peptic ulcer	85
Hypertension, treatment with acebutolol	50
--, alprenolol	358
--, clonidine	168, 638, 670
--, guanabenz	638
--, hydrochlorothiazide	24
--, labetalol	407, 677, 685
--, metoprolol/hydrochlorothiazide combination	371
--, oxprenolol/cyclopenthiiazide combination	559
--, penbutolol	267
--, pindolol/clopamide combination	193, 342, 552
--, primidolol	528
--, propranolol	207
--, spironolactone/althiazide combination	136
--, xipamide	416, 523
Hypnotics/sedatives, etomidate	30
--, thiopentone sodium	30
--, chlormezanone	217, 259
Hypoglycaemic agents, glipizide	8, 325
--, metformin	201
--, phenformin	201
Ibuprofen, in rheumatoid arthritis, compared with piroxicam and indomethacin	148
Imipramine, in depression, compared with amoxapine	338

	Page
Indomethacin, in low back pain, compared with other analgesics	540
→, in rheumatoid arthritis, compared with fenbufen	263
→, →, piroxicam and ibuprofen	148
→, →, and osteoarthritis, compared with protacine	287
Indoprofen, in osteoarthritis	124
→, in rheumatoid arthritis, compared with aspirin	598
Irritable bowel syndrome, treatment with domperidone	577
→, trimebutine compared with mebeverine	437
Ketoprofen, in rheumatic and osteoarthritic disorders	423
Kinin system, role in rheumatoid inflammation	314
Labetalol, in hypertension	407, 677, 685
Leishmaniasis, cutaneous, treatment with stibogluconate sodium	280
Levamisole, in upper respiratory infections	142
Levodopa, combined with benserazide, in parkinsonism	1
Lipoproteins, HDL, effect of hydrochlorothiazide	24
→, →, changes during oral contraception	249
Lorazepam, inter-trial differences	20
→, use in cardiac bypass surgery, compared with papaveretum	303
Magnesium dithiosalicylate, in rheumatoid arthritis, compared with aspirin	589
Maprotiline, in depression, compared with amineptine	107
→, →, amitriptyline	534
Mebeverine, in irritable colon syndrome, compared with trimebutine	437
Mecillinam, in severe bacterial infections	221
Mefenamic acid, in low back pain, compared with other analgesics	540
→, in pain after Colles' fracture, compared with diflunisal	630
Metformin, in diabetes mellitus	201
Metoprolol/hydrochlorothiazide combination, in hypertension	371
Mianserin, sleep-endocrine profile	456
Moniliasis, vulvovaginal, treatment with clotrimazole versus 5-fluorocytosine/candididin combination	88
Muzolimine, pharmacokinetics in severe cardiac failure patients	431
Nandrolone, effects on rarefying bone tissue	606
Naproxen sodium, treatment of non-articular rheumatic disorders	229
Neuroses, anxiety, treatment with chlormezanone	259
→, →, clobazam compared with diazepam	593
→, →, lorazepam	20, 303
Nifedipine, effect on glucose tolerance and insulin secretion	690
Nitrofurantoin/sulphadiazine combination, in acute urinary infections	481
Osteoarthritis, treatment with diacetylrhein	548
→, →, ketoprofen	423
→, →, indoprofen	124, 287
→, →, protacine compared with indomethacin	287
Osteoporosis, effects of nandrolone	606
Oxatomide, in allergic conditions	380
Oxprenolol/cyclopenthiiazide combination, in hypertension	559
Pain, cancer, treatment with ciramadol	475
→, →, dezocine	634
→, Colles' fracture, treatment with diflunisal compared with mefenamic acid	630
→, leg ulceration, treatment with thymoxamine	500
→, low back, comparison of analgesics	540
→, post-episiotomy, treatment with dipyrone compared with paracetamol	614
→, post-operative, treatment with butorphanol compared with codeine	178
→, →, diflunisal	154
→, →, dipyrone compared with aspirin	619
→, →, dipyrone compared with pethidine	624
→, severe renal colic, treatment with dezocine	472
→, tennis elbow, treatment with triamcinolone acetonide	507
Paracetamol, in low back pain, compared with other analgesics	540
→, in post-episiotomy pain, compared with dipyrone	614
Parenteral nutrition, use of a high nitrogen source amino acid solution	274
Parkinsonism, treatment with levodopa/benserazide combination	1

	Page
Penbutolol, in Raynaud's phenomenon, vasoconstrictor effects	267
Pentoxifylline, in cerebrovascular disorders	73
... effect on erythrocyte deformability	255, 518
Peptic ulcer, treatment with hydrotalcite	85
Pethidine, in post-operative pain, compared with dipyrene	624
Phenformin, in diabetes mellitus, ceasing treatment	201
Phenylbutazone, in acute gout, compared with feprazone	445
... in low back pain, compared with other analgesics	540
Pimozide, in schizophrenia	35, 331
Pindolol/clopidamide combination, in hypertension	193, 342
... effects on exercise performance	552
Piracetam, in chronic brain failure	351
Piroxicam, in rheumatoid arthritis, compared with ibuprofen and indomethacin	148
Pivampicillin, in genital infections, compared with doxycycline	513
Povidone-iodine, in herpes genitalis	175
Primidolol, in hypertension	528
Propranolol, adverse reaction in hypertensive dialysis patients	207
Protacine, bioavailability	299
... in rheumatoid arthritis and osteoarthritis, compared with indomethacin	287
Raynaud's phenomenon, effects of penbutolol	267
... after treatment with propranolol	207
Reproterol, in asthma	365
Respiratory tract infections, lower, treatment with cefaclor compared with amoxycillin	569
... cefaclor compared with ampicillin	564
... cefuroxime	209, 466
... treatment with doxycycline compared with amoxycillin	393
... upper, prevention with levamisole	142
Rheumatic disorders, non-articular, treatment with ketoprofen	423
... naproxen sodium	229
Rimiterol, in airways obstruction, compared with fenoterol	183
Salbutamol, in asthma, compared with clenbuterol	237
Schizophrenia, use of pimozide	35, 331
Sisomicin, in serious systemic infections, compared with gentamicin	663
Sleep, effects of mianserin	456
... vincamine	653
Sleep disorders, treatment with chlormezanone	217, 259
Spironolactone/alithiazide combination, in hypertension	136
'Steritex vacu-drain', in major surgery	160
Stibogluconate sodium, in cutaneous leishmaniasis	280
Sulphadiazine/nitrofurantoin combination, in acute urinary infection	481
Sulphinpyrazone, effect on blood viscosity	271
Surgical wound infection, prevention with cefuroxime	206, 404
... cephaloridine	204
... use of 'Steritex vacu-drain' system	160
Tennis elbow, treatment with triamcinolone acetate	507
Terbutaline, in airways obstruction, compared with clenbuterol	449
Thiopentone sodium, induction in minor operative procedures, compared with etomidate	30
Thymoxamine, in ischaemic leg ulceration	500
Tranquillizing agents, clobazam	593
... diazepam	593
... lorazepam	20, 303
Triamcinolone acetate, use in tennis elbow	507
Triglycerides, effect of hydrochlorothiazide on levels in hypertensives	24
Trimebutine, in irritable colon syndrome, compared with mebeverine	437
Trimipramine, in depression, compared with amineptine	101
Ulcers, leg, treatment with thymoxamine	500
... xanthinol nicotinate	309
Urinary tract infections, prevention with cephalosol	658
... treatment with cefuroxime and gentamicin	398
... cephradine compared with co-trimoxazole	386
... nitrofurantoin/sulphadiazine combination	481
Vincamine, effect on EEG sleep patterns	653
Xanthinol nicotinate, use in leg ulcers	309
Xipamide, in hypertension	416, 523

Supplements to Volume 6

Supplement No. 1. Fenfluramine and the treatment of obesity

	Suppl. page
General and comparative pharmacology of fenfluramine. <i>J. Duhault, L. Beregi and R. du Boistesselin</i>	3
Biochemical pharmacology of the anorectic drug fenfluramine: a review. <i>S. Garattini, S. Caccia, T. Mennini, R. Samanin, S. Consolo and H. Ladinsky</i>	15
Fenfluramine and other serotonergic drugs depress food intake and carbohydrate consumption while sparing protein consumption. <i>Judith J. Wurtman and Richard J. Wurtman</i>	28
Structural analysis of the actions of amphetamine and fenfluramine on food intake and feeding behaviour in animals and in man. <i>J. E. Blundell, C. J. Latham, Esmeralda Moniz, R. A. McArthur and P. J. Rogers</i>	34
Lack of morphological changes in the neurons of the B-9 group in rats treated with fenfluramine. <i>C. Sotelo and A. Zamora</i>	55
Fenfluramine and its effects on the sympathetic nervous system in man. <i>C. Raymond Lake, Michael D. Coleman, Michael G. Ziegler and Dennis L. Murphy</i>	63
The importance of stress in assessing the effects of anorectic drugs. <i>Seymour A. Antelman, Anthony R. Caggiula, Alan J. Eichler and Ronald R. Lucik</i>	73
The effects of fenfluramine on appetite for palatable food in humans. <i>Orland W. Wooley, Susan C. Wooley and J. Caroline Lee</i>	83
The mode of action of fenfluramine and its derivatives and their effects on glycerolipid metabolism. <i>David N. Brindley, R. Graham Sturton, P. Haydn Pritchard, June Cooling and Susan L. Burditt</i>	91
Peripheral mechanism of action of fenfluramine. <i>Paul Turner</i>	101
A comparative study of the pharmacokinetics of fenfluramine, ethylamphetamine, diethylpropion and their metabolites. <i>Arnold H. Beckett</i>	107
Addiction liability of fenfluramine. <i>Uriel Estrada</i>	118
Investigations of abuse potential of anorectic drugs. <i>K. Gunnar Götestam</i>	125
Studies on central functional equivalence. III: classification of several psychomotor stimulants and anorectic agents. <i>William Slikker, Jr., and Keith F. Killam, Jr.</i>	135
Abuse of anorectic drugs. <i>Raghu Gaiand and Sarla Verma</i>	149
Drug dependence liability of anorectic drugs: a clinical viewpoint, with particular reference to fenfluramine. <i>P. H. Connell</i>	153
Fenfluramine plasma concentrations after administration of a sustained-release capsule formulation and rapid-release tablets. <i>D. B. Campbell, Y. Hopkins, R. Richards and D. Taylor</i>	160
Effect of prolonged-action fenfluramine on weight and blood lipids in obese patients. <i>Rudolf E. Noble</i>	169
A double-blind comparison of fenfluramine and dextro-amphetamine on feeding behaviour in man. <i>Mary Kyriakides and Trevor Silverstone</i>	180
Studies on fenfluramine as an anti-obesity agent. <i>P. G. Preston, M. J. Ford and J. F. Munro</i>	188
Treatment of obesity with fenfluramine: a double-blind trial. <i>Jean Vague and Martine Tramoni</i>	194
The possible mode of action of fenfluramine in the treatment of diabetes: a review. <i>C. H. Bowker</i>	203
Metabolic effects of fenfluramine in animals and human volunteers. <i>H. Förster and E. Koch</i>	207
Metabolic effects and anti-obesity action of fenfluramine in prolonged-acting form. <i>R. Ranquin and H. M. Brems</i>	219
The effect of fenfluramine on obese, maturity-onset diabetic patients. <i>John K. Wales</i>	226
Analysis of the metabolic activity of prolonged-acting fenfluramine in clinical practice. <i>B. Riveline</i>	236
The influence of fenfluramine on oral glucose tolerance tests, plasma sugar and insulin levels in newly diagnosed late-onset diabetic patients. <i>J. W. H. Doar, M. E. Thompson, C. E. Wilde and P. F. J. Sewell</i>	247
A behavioural and pharmacological treatment for obesity with a 3-year follow-up. <i>K. Gunnar Götestam</i>	255

Supplement No. 2. Some epidemiological, social and therapeutic aspects of rheumatology

	Suppl. page
Arthritis as a world-wide problem. <i>F. Dudley Hart</i>	3
Some aspects of present day preventive rheumatology. <i>M. Assunção Teixeira, João Salgueiro and J. Valença Rodrigues</i>	9
Epidemiological aspects of rheumatology. <i>João Figueirinhas</i>	15
Septic arthritis in Northern Nigeria. <i>R. D. Sturrock</i>	21

	Suppl. page
Back pain: its problems and treatment. <i>George D. Kersley</i>	27
Emotional factors in arthritis. <i>Brenda M. Rutter</i>	33
Patient counselling—its impact and importance in rheumatology. <i>Rodney Grahame</i>	42
Social effects of rheumatism on the family. <i>Pirkko Kiviniemi</i>	47
Experimental and clinical pharmacology of fentiazac, a new, non-steroidal anti-inflammatory agent. <i>Emilio Marmo</i>	53
Fentiazac in rheumatoid arthritis: a multicentre study. <i>Aloysio Fellet</i>	64
Efficacy and tolerability of fentiazac in rheumatoid arthritis: double-blind study versus indomethacin. <i>Gabor Katona and Augusto Bondani</i>	71
Fentiazac in the treatment of acute tendinitis and acute bursitis: a double-blind comparison with oxyphenbutazone. <i>A. P. Mathias Filho, B. Klein, C. V. Nunes, R. A. Carneiro, R. Lederman and W. Bianchi</i>	79
Double-blind trial comparing fentiazac with phenylbutazone in patients with tendinitis. <i>L. Wielandts and J. Dequeker</i>	85
A double-blind comparison of fentiazac and phenylbutazone in the treatment of acute tendinitis and bursitis. <i>Ellen M. Buerklin and Ian M. Ballard</i>	90
Fentiazac in the treatment of some rheumatic disorders. <i>M. Assunção Teixeira, A. Pereira da Silva, Isabel Lourenço and M. Luísa Teixeira</i>	97

Supplement No. 3. Uses and abuses of antimicrobials

	Suppl. page
Antibiotics in non-specific genital infections. <i>G. L. Ridgway</i>	3
Antibiotics in dentistry. <i>James Wallace</i>	13
Legionnaires' disease: a review. <i>D. C. Shanson</i>	22
Respiratory tract infections in childhood. <i>R. Dinwiddie</i>	30
Antimicrobials in 1978: a review of current opinion. <i>J. McC. Murdoch</i>	36
Problems of thymine-dependent bacteria in clinical practice. <i>R. Fraser Williams</i>	43
Campylobacter enteritis. <i>I. R. Ferguson</i>	54
Antibiotics in the treatment and prevention of pertussis. <i>H. P. Lambert</i>	61

Supplement No. 4. Pentoxifylline in the treatment of microcirculatory disorders

	Suppl. page
Introduction. <i>S. G. Kobaladze</i>	3
Pentoxifylline and some physico-chemical aspects of haemorheology in patients with ischaemic heart disease. <i>S. G. Kobaladze and G. S. Schomia</i>	5
The use of pentoxifylline in the treatment of ischaemic heart disease. <i>S. G. Kobaladze and I. V. Tschikvadze</i>	12
Cerebrovascular insufficiency: its pathophysiology and therapeutic management. <i>Roland Müller</i>	15
The cerebral haemodynamics and therapeutic efficacy of pentoxifylline in patients with cerebral ischaemia. <i>V. M. Gabaschwili, S. G. Kobaladze, R. R. Schakaraschwili, M. D. Virsaladze, Sch. P. Petriaschwili and I. V. Tschikvadze</i>	25
Pentoxifylline in the treatment of pathological vascular changes in the fundus oculi. <i>T. A. Schatilova, T. A. Aleksidze, M. A. Kvaliaschwili, D. M. Kandelaki, E. G. Mschvidobadze, T. N. Kalandadze and I. V. Oniani</i>	30
The use of pentoxifylline in insulin-dependent diabetics with late complications. <i>D. Slijepcevic and M. Devecerski</i>	37
Experiences with pentoxifylline in the treatment of peripheral vascular disease. <i>D. Mihajlović, Lj. Hadzi-Pesić, V. Marković, B. Lović, D. Cirić, Z. Marković, A. Stanković and V. Mitić</i>	43
The flow properties of whole blood under physiological and pathological conditions: microrheological investigation. <i>F. Lehrach and H.-G. Grigoleit</i>	49
The effect of pentoxifylline on regional vascular systems. <i>N. J. Andreeva, M. D. Gegutschadze, A. P. Gelaschwili, V. A. Kipiani, T. G. Natadze, T. G. Petriaschwili and J. V. Tschikvadze</i>	57

Supplement No. 5. Physical and psychological aspects of the premenstrual syndrome

	Suppl. page
Introduction. <i>R. W. Taylor</i>	3
The endocrinology of the menstrual cycle. <i>W. R. Butt</i>	5
Psychological aspects of women with the premenstrual syndrome. <i>Anthony W. Clare</i>	11

	Suppl. page
Endocrine and other biochemical factors in the aetiology of the premenstrual syndrome. <i>M. G. Brush</i>	19
Recent research on the treatment of premenstrual syndrome. <i>P. F. H. Giles</i>	28
Premenstrual syndrome in general practice. <i>Barbara R. Jacobs</i>	35
Clinical trials in the premenstrual syndrome. <i>J. B. Day</i>	40
The clinician's view of patients with premenstrual syndrome. <i>R. W. Taylor and C. E. James</i>	46

Supplement No. 6. International theophylline symposium

	Suppl. page
The pharmacokinetics of theophylline. <i>Ian W. French and C. A. Mildon</i>	3
Chemical and biopharmaceutical aspects of theophylline and its derivatives. <i>J. Zuidema and F. W. H. M. Merkus</i>	14
Why measure plasma theophylline concentrations? <i>Denis G. McDevitt, R. Kevin Elwood and Clive J. Russell</i>	26
The mode of action of theophylline. <i>R. Pauwels</i>	35
Clinical trial of a new, slow-release theophylline preparation ('Nuelin' SR). <i>N. Svedmyr, T. Mellstrand and K. Svedmyr</i>	40
The question of dosage: clinical studies of high and low dosage theophylline in asthmatic children. <i>Roger M. Katz, Gary S. Rachelefsky and Sheldon C. Siegel</i>	45
Microcrystalline theophylline: the relation between oral dose, saliva levels, and peak expiratory flow rates in asthma. <i>G. Anderson, A. G. Jariwalla, E. Hicks and M. Al-Zaibak</i>	51
General Discussion. <i>Chairman: Professor M. Van Der Straeten</i>	59
Clinical and pharmacological observations on a new oral preparation of theophylline. <i>Nils P. Boye, Tore Talseth and Jan E. Bredezen</i>	63
Multi-dose comparative study of microcrystalline theophylline and choline theophyllinate. <i>W. Christina Berg, J. H. G. Jonkman, K. de Vries and N. G. M. Orie</i>	64
The absolute bioavailability of microcrystalline theophylline. <i>J. H. G. Jonkman, W. Chr. Berg, R. Schoenmaker, J. E. Greving, R. A. De Zeeuw and N. G. M. Orie</i>	71
Combined effects of theophylline beta ₂ -adrenoceptor stimulants in asthmatics. <i>Nils Svedmyr and Karin Svedmyr</i>	77
The additive and/or synergistic effects of combined sympathomimetic and methylxanthine therapy. <i>I. A. Campbell</i>	85
Clinical studies of the relative potencies and the combined effects of theophylline and beta-adrenoceptor agonists. <i>G. E. Marlin, N. Berend, M. R. Harris, B. J. S. Hartnett and J. Rutland</i>	92
The role of oral theophylline in the management of childhood asthma. <i>R. Dinwiddie and D. J. Matthew</i>	102
General Discussion. <i>Chairman: Professor D. G. McDevitt</i>	105
Theophylline in exercise-induced asthma. <i>R. Michael Sly</i>	110
Formulations and dosage requirements for theophylline in the treatment of asthma. <i>Miles Weinberger and Leslie Hendeles</i>	116
Clinical study of a sustained-release theophylline preparation in asthmatic ad.lts. <i>H. Lamont, M. Van Der Straeten, E. Moerman, M. Bogaert and P. Pauwels</i>	132
Comparative systemic availability of rectal and oral preparations of microcrystalline theophylline. <i>T. B. Tjandramaga, R. Verbesselt, A. Van Hecken and P. J. De Schepper</i>	142
Simultaneous determination of theophylline and its metabolites in urine. <i>R. Verbesselt, T. B. Tjandramaga and P. J. De Schepper</i>	151
Theophylline therapy in asthmatic children: single-dose studies. <i>Zack H. Haddad, Sanjiv Verma and Vin Kalra</i>	161
General Discussion. <i>Chairman: Anne Tattersfield</i>	171

Supplement No. 7. Mianserin in the treatment of depression

	Suppl. page
Introduction. <i>T. Vossenaar</i>	3
Neurobiology of depression in relation to pharmacological-biochemical properties of antidepressants. <i>N. Matussek</i>	5
Relative toxicity of amitriptyline, imipramine, maprotiline and mianserin in acute experiments in rabbits. <i>I. E. Hughes and Salwa Radwan</i>	13
The effect of mianserin on sleep and cardiac function. <i>S. Montgomery</i>	23
Echocardiographic study in volunteers taking mianserin and amitriptyline. <i>H. A. Wester and C.-P. Siegers</i>	29
Cardiac effects of mianserin: results of clinical pharmacological investigations. <i>H. Kopera</i>	36
The comparative safety of mianserin in overdose. <i>W. L. Shaw</i>	44

	Suppl. page
Changes in clinical symptomatology and psychometric assessments in depressed patients during mianserin and combined amitriptyline/chlordiazepoxide therapy: a double-blind comparison. <i>B. Saletu and J. Grünberger</i>	52
A double-blind comparative trial of mianserin and maprotiline in the treatment of depression. <i>M. C. Khan and K. Moslehuddin</i>	63
A double-blind group comparative trial of mianserin and diazepam in depressed out-patients. <i>W. Hamouz, R. M. Pinder and S. M. Stulemeijer</i>	72
A double-blind controlled multi-centre study comparing mianserin and imipramine. <i>C. B. Pull, P. Pichot, M. C. Pull and J. F. Dreyfus</i>	81
A comparison of the efficacy and side-effects of mianserin and clomipramine in primary depression: a double-blind randomized trial. <i>R. De Buck</i>	88
Double-blind comparative trial of mianserin versus clomipramine. <i>L. Blaha, R. M. Pinder and S. M. Stulemeijer</i>	99
Mianserin, in out-patients with depressive illness, in dosage up to 130 mg daily. <i>H. Hopman</i>	107
A double-blind multi-centre trial comparing the efficacy and side-effects of mianserin and clomipramine in depressed in-patients and out-patients. <i>R. M. Pinder, A. Blum, S. M. Stulemeijer, M. Barres, M. Molczadzki, A. Rigaud, J. Charbaut, L. Israel and Th. Kammerer</i>	115
Observations on mianserin in the treatment of obsessive neuroses. <i>Martti O. Jaskari</i>	128
Anticholinergic effects of mianserin. <i>H. Kopera</i>	132
Effects of mianserin in depression in elderly patients. <i>J. Fleischhauer</i>	139
Mianserin and amitriptyline in elderly hospitalized patients with depressive illness: a double-blind trial. <i>J. H. Kretschmar</i>	144

Supplement No. 8. Erythromycin – today and tomorrow

	Suppl. page
Introduction.	3
A pharmacokinetic study of erythromycin in man. <i>F. Lhoste, G. Houin, C.-J. Soussy, J. Duval, M. Rapin and J.-P. Tillement</i>	7
Pharmacokinetics of erythromycin in healthy adults and in adults with respiratory infections. <i>C. Simon</i>	17
Serum and tissue concentrations of erythromycin: a review. <i>G. A. Dette</i>	23
Binding to human plasma protein and drug interactions: an <i>in vitro</i> study with ¹⁴ C-labelled erythromycin base. <i>J.-P. Tillement, H. Campos y Sansano, Ph. d' Athis and J. Prandotto</i>	29
General discussion on pharmacological studies	35
Direct microscopic observation of the effect of erythromycin on <i>Staphylococcus aureus</i> . <i>G. Lebek</i>	38
Efficacy of erythromycin lactobionate in acute exacerbations of chronic bronchitis. <i>F. Lemaire, D. Matamis, C.-J. Soussy, F. Lhoste, J. Duval and M. Rapin</i>	42
Erythromycin in upper respiratory tract infections. <i>C. Simon and S. Harhausen</i>	48
Erythromycin in chronic tonsillitis: qualitative and quantitative aspects of bacteriological and electron microscopical results. <i>H. Blenk, B. Blenk, G. Jalneke and K. Simm</i>	54
General discussion on bacteriological and clinical studies	60
Erythromycin and respiratory infections: three case reports. <i>M. Kienitz</i>	65
Current appraisal of the macrolides compared with other antibiotics and the main indications for their use. <i>M. Armengaud</i>	68
<i>Mycoplasma pneumoniae</i> infections in paediatrics and their treatment with erythromycin. <i>G. Ruhrmann</i>	72
Respiratory infections due to <i>Mycoplasma pneumoniae</i> in the adult patient. <i>J. Miguères and A. Jover</i>	73
Erythromycin in the treatment of asthma attacks of infectious origin. <i>J. Brune</i>	77
Anti-infective chemotherapy in chronic bronchitis: the place of erythromycin. <i>M. Rapin</i>	80
Rheumatic fever prophylaxis with erythromycin. <i>D. Brunel</i>	82
Current aspects of sexually transmitted diseases: the place of erythromycin in treatment. <i>A. M. Siboulet</i>	85
Erythromycin in chlamydial and mycoplasma genito-urinary infections: <i>in vitro</i> and <i>in vivo</i> activity. <i>H. Blenk</i>	91
The use of erythromycin in the treatment of chlamydial urethro-adenitis. <i>A. Hoffstetter</i>	93
Genito-urinary infections due to chlamydiae: their current incidence, diagnosis and treatment. <i>A. F. Siboulet</i>	96
<i>Mycoplasma</i> and chlamydiae infections in the perinatal period. <i>W. Toeller</i>	99
Clinical importance of genital infections in women due to anaerobic bacteria, and the role of erythromycin. <i>H. Werner and C. Krasemann</i>	102
General discussion on sexually transmitted diseases and other genital infections	106

Supplement No. 9. Pfizer-Forum 1979 (Papers in Norwegian and English)

	Suppl. page
Innledning: prazosin. (Introduction.) <i>Haakon Storm-Mathisen</i>	3
Primær hypertensjon og prazosin. (Primary hypertension and prazosin.) <i>Dagfinn Falch</i>	5
Prazosin ('Peripress')—litteraturoversikt. (A review of the literature on prazosin.) <i>Per Fauchald</i>	12
Prazosin ('Peripress') som alternativ ved alfa-metyldopa intoleranse. (Prazosin treatment in patients intolerant to alpha-methyldopa.) <i>E. Saltvedt, J. O. Josephsen and J. Selvåg</i>	18
Panel diskusjon. (Panel discussion.) <i>Haakon Storm-Mathisen</i>	23
Innledning: doxepin. (Introduction.) <i>Pål Hartvig</i>	32
Doxepin sammenlignet med cimetidin i behandlingen av pasienter med endoskopisk påviste duodenalsår. (Doxepin compared with cimetidine in patients with duodenal ulcer confirmed by gastroscopy.) <i>T. E. Ruud, G. Hoff, M. Tonder and O. Holter</i>	37
So-called 'tension headache': a term in need of revision? <i>Ottar Sjaastad</i>	41
Panel diskusjon. (Panel discussion.) <i>Pål Hartvig</i>	55

Supplement No. 10. Aspects of vertigo

	Suppl. page
Vestibular and ocular motor function testing at a dizziness unit. <i>Hugh D. Barber</i>	3
Staging vertigo and the vertigogram. <i>I. Kaufman Arenberg, Jan Stahle and George Goldman</i>	7
Audiological investigation in vertigo. <i>R. R. A. Coles</i>	18
Vertigo in a neurologist's practice. <i>C. H. Edwards</i>	34
Vertigo in an otologist's practice. <i>J.-P. Bèbéar</i>	40
The medical management of vertigo. <i>T. J. Wilmoir</i>	43
Surgical management of vertigo. <i>Gordon D. L. Smyth and Matthew P. Thomson</i>	49
The surgical management of acoustic neuromas. <i>Ugo Fisch and Herman A. Jenkins</i>	62
